FOE WILL SIGN TREATY

U.S. ARMY ASTIR WITH WAR PREPARATION

COBLENZ June 19. — The American army's main objective, in case Germany decides on war, will be Cassel, it was learned from a reliable source today. (Cassel is 125 miles northeast of Coblenz and on the direct route to Berlin.) The army would move forward on a 37 mile front, and its officers are confident the Americans would cover the entire present neutral zone in the first day if hostilities were resumed.

The army of occupation was astir today with preparations for war. Troops east of the Rhine were moving to strategic positions for a quick dash forward.

The first and second divisions,

it was said would lead the invasion. The first mobilized at Montabreit (10 miles northeast of Coblenz), while the second had left Neuwied (8 miles northwest of Coblenz) and was moving up the Lahr valley.

NEW POSITIONS TAKEN

The seventeenth field artillery moved from the fortress of Ehrenbreitstein and was taking up positions in the concentration zone. Signal corps men were stringing new wires along the roads and observation balloons were moved up to the edge of the occupied area. The doughboys were again sleeping in the open and the flicker of their fires at night recalled the

old pre-armistice days.

A hundred additional motor trucks arrived today to aid in carrying the infantry. Heavy French reinforcements came up daily and concentrated in the rear of the Americans. They are mostly colonials, by whose side the Yanks have often fought.

A high American officer predicted today that should the army advance, it would be a "whirlwind affair." He said little opposition would be looked for until the allies were well on the road to Cassel.

GUNS MOVED UP

The fourth division, which already had turned in its equip-

ment preparatory to starting home, has been re-equipped.

Surrendered German war materiel has been moved a hundred miles back from the Rhine. Passenger service between Darmstadt and Würzburg was stopped for three days to permit the transportation of several hundred guns and 100,000 rifles.

French and British troops, artillery and supplies were being transported to the outer lines in the adjacent bridgeheads. French cavalry took up forward observation posts.

Movement of Germans of military age within the occupied zone has been forbidden.

CABINET QUILTS FOR NEW BODY TO ACCEPT TERMS

GERMAN REINS MAY BE TAKEN OVER BY ALLIES

Probable Result of Invasion of Foe Country Pointed Out By Writer

Would Put Natives to Work But Money Collection Will Be Difficult

By J. W. T. MASON

NEW YORK.—Marshal Foch will be able to occupy the principal strategic points in Germany within a fortnight if the Germans refuse to sign the peace treaty, but this would be only the beginning of the allies' activities.

After holding all the military centers, the allies will be compelled to take over the administration of Germany and put the German people to work. The enforcement of the blockade will keep food from entering Germany for indiscriminate distribution, but the allies will scarcely try to compel the Germans to sign the peace treaty by a deliberate policy of general starvation.

If the Germans remain stubborn during the enforcement of the blockade, the reorganization of German industries under the direction of the allies will become necessary. By means of military control, the allies will have no difficulty in partitioning Germany geographically according to the requirements of the peace treaty. But Marshal Foch cannot use his troops to collect the money and ships Germany owes, the allies, because the actual cash is not to be had and the vessels are not yet constructed.

This part of the penalty Germany must pay is the most important from the allies' standpoint. To enforce restitution, if Germany withholds her signature from the peace treaty, will not be a military problem. It will be a problem for economic experts and statesmen, who will use the army of occupation to put the Germans at enforced labor, just as the Germans compelled the Belgian population to work for Germany during the war.

SALOONS RE-OPEN

Resume Business in Cleveland Following Judge's Decision

CLEVELAND.—Charles Lefkowitz, saloon keeper, who closed his place May 27, following his arrest on a charge of keeping an establishment where liquor is sold, reopened his saloon on advice of his attorney, after police Judge Howells ruled Tuesday last, that the state failed to prove that 2.47 per cent beer, which he was charged with selling, is intoxicating.

It is said that 40 saloonkeepers, with stocks of 2.47 per cent beer remaining, have reopened as a result of the court action. Assistant Police Prosecutor Beckerman said it is doubtful if convictions can be obtained if warrants are issued.

RETURNS TO PARIS

Wilson Back in France After Visit to Belgium

PARIS.—President Wilson returned to Paris today after a visit to Belgium which cemented even more closely the friendship of the little kingdom and the big republic.

In the two days he spent in Belgium the president was accorded every honor within the power of King Albert and his people. The president of the chamber of deputies, in welcoming President Wilson in the house of parliament, sounded the keynote of Belgium's whole attitude toward America and Americans. He said:

"Belgium will never forget the help given her by her great sister, America."

Addressing parliament, President Wilson took occasion to emphasize the importance of the league of nations. "The league of nations is the child of this great war," he said, "for it is the expression of those permanent resolutions which grew out of the temporary necessities of this great struggle, and any nation which declines to adhere to this covenant deliberately turns away from the most telling appeal that has ever been made to its conscience and to its manhood."

Changes Made In German Government to Avoid Renewed Clash At Arms With Allies, Reports Say

Gustav Noske Expected to Take Place of Scheidemann as Chancellor—Successor Advocates "War For Revenge"

(BULLETIN.)

WEIMAR.—The entire German cabinet resigned early today. President Ebert, who had announced his intention of standing or falling with the Scheidemann ministry, will retain office temporarily and attempt personally to organize a new cabinet.

The national assembly will meet tomorrow to decide finally on acceptance or rejection of the peace treaty.

WEIMAR (Thursday night).—The present German cabinet has definitely decided to resign and make room for a new ministry that can sign the peace treaty, according to authoritative information obtained tonight.

The new cabinet, it was said, would place itself officially on record as favoring acceptance of the terms, so that Friday's session of the national assembly—scheduled to make the final decision on the treaty—would probably be a mere formality for ratification of the new cabinet's decision.

Either War Minister Noske or Herman Mueller was expected to head the new ministry. The old cabinet was said to stand eight to seven against signing.

BERLIN (Thursday).—An official statement, it is expected, will be issued shortly, paving the way for acceptance of the peace treaty. The statement, it was said, will point out that the allied concessions are, after all, "noticeable."

PARIS.—Advices received by the American peace commission today stated that the German government of Chancellor Scheidemann has fallen and that War Minister Noske is likely to be Scheidemann's successor.

THE HAGUE.—The new German cabinet will be selected tonight, according to a Weimar dispatch received here today, quoting "the most reliable authority."

FALL FOLLOWS ACCEPTANCE OF PEACE TERMS, SAYS REPORT.

PARIS.—Chancellor Scheidemann's government has fallen according to advices received by the American peace commission this afternoon.

This action, an Exchange Telegraph dispatch received in London stated, was followed by acceptance of the peace treaty. This dispatch was not confirmed from any other source. Earlier dispatches from Weimar indicated that acceptance of the treaty, however, would be a natural development following overturn of the German cabinet.

The peace commission's information further indicated that Gustav Noske, present minister of war, would succeed Scheidemann and form a new cabinet.

The new ministry, according to dispatches filed in Weimar last night, would be pledged to sign the treaty. The national assembly, which was scheduled to convene today for final decision regarding the treaty, was expected merely to ratify the cabinet's decision.

SUCCESSOR FOR WAR

NEW YORK.—Gustav Noske, reported to be a likely selection as Germany's next chancellor, regards a "war for revenge" as inevitable. He made this declaration in a confidential speech to German newspapermen at Weimar last February, in outlining his policy for Germany, solely for the guidance of military critics.

"The war is lost and the French have taken Alsace-Lorraine," Noske said on that occasion. "The die is cast. We must bend all efforts to be ready for the next war of revenge. It is inevitable."

"The next time we will not make the mistake of invading Belgium. It will be France alone, with thirty-five million people. With Austria, we will have eighty millions. There will be nothing to it. We will be across France before the world realizes it, because we must build, and we will build a military machine that will put in the shade anything we have done so far."

ASSEMBLY DIVIDED

The situation among the various governmental bodies here today appeared to be as follows:

Peace delegation — Unanimously opposed to acceptance of the terms.

Cabinet — Majority inclined against signing.

National Assembly — About evenly divided at present, with a growing tendency toward acceptance.

The peace committee of the national assembly met late today and although the assembly as a whole will have the final vote on acceptance or rejection of the treaty, the recommendation of the committee was expected to have an important influence on the remainder of the

CONFIDENCE VOTE REFUSED, ITALIAN CABINET RESIGNS

Orlando and Mates Quit Posts When Parliament Becomes Hostile

Premier's Speech in Chamber of Deputies Is Adversely Received

ROME.—Premier Orlando announced today that his cabinet had tendered its resignation to King Victor Emmanuel, who had reserved decision.

The statement was made after the chamber of deputies had rejected 250 to 75, the premier's motion for the chamber to convene in secret session to consider a vote of confidence.

Before Orlando asked for a secret session he spoke at length on the international and internal situation. His speech was adversely received. He was often interrupted by uproar which compelled him to cease speaking. When he suggested a secret session every political group joined in a hostile demonstration. Many deputies left the chamber.

DARK DAYS FOR ITALY

"Never during the war have nations in general, and Italy in particular, traversed such dark days," said Orlando. "This is the most acute phase, but the situation is improving hourly. Various political, economic and financial questions have been solved in a manner on the whole satisfying to us. The peace conference rectified our northern frontier according to the magnificent bulwark nature vouchsafed Italy. Regarding the Adriatic frontiers, Italy has not refused to collaborate in solutions offered by the peace delegates to other nations, but she remains firm in the claims which the allies endorsed when she entered the war."

SITUATION DELICATE

"I am ready to answer all questions but owing to the delicacy of the situation I hope parliament will observe caution in debate. I will make every effort to conciliate conflicting necessities."

"The questions of the day were rendered more serious by international events in April. In the face of this situation the government voiced a program meeting with parliament's and the country's approval, consisting—

"First—Insistence upon claims, without which Italy believes that so far as she is concerned, peace would not be commensurate with her enormous sacrifices, and would be unjust."

"Second—Keeping faith with the allies."

"Third—Avoidance of the poisoning of relations imperative to the interests of the entente cordiale."

MIRROR A PUZZLE

Ohio Sheriff Believes Prisoner Has German Code

FINDLAY, O.—Examining a small mirror, which he took from Gottfried Schwartz, said to be a German subject, who was captured near this city after he had escaped from a deportation officer, Sheriff Edwin Huff found that it unfolded like a book and that a thin piece of paper, containing what the officials believe to be a secret code, was concealed in the case.

On the outside of the mirror was an engraved picture of the former German emperor. Letters, chiefly vowels, and other characters were written on the paper, but could not be deciphered by Sheriff Huff, who immediately notified Cleveland immigration authorities.

BULLET LODGED IN MAN'S BRAIN TO BE REMOVED

Hollenbacher Faces First Degree Murder Charge If He Recovers From Wound

Fearing that death was near, Police Chief Roush ordered Carl Hollenbacher, charged with the murder of his former wife, Pearl Burgess, 138 S. Park street, removed from the police station to the St. Rita's hospital where he will be operated upon.

Hollenbacher was taken from the City hospital to the police station early this morning, when it was thought that his condition was better. The bullet which had lodged in his brain as a result of his attempt to commit suicide, will probably be removed this afternoon.

At times conscious, Hollenbacher told the police, this morning that he had purchased the revolver at Reel's pawn shop. The carbolic acid, he said, he got at Butler's south side drug store while the cartridges were obtained at Jones' hardware store.

He refused to make any comment either upon the murder or upon his attempt to end his own life.

The bullet which entered his brain at the right temple, has bulged out his right eye to such an extent that the lid will not close over it.

He will be arraigned in police court upon a charge of first degree murder at the earliest possible time, if he recovers.

Funeral arrangements for the victim of the tragedy will be held Saturday afternoon at 2 o'clock at Fletcher's chapel, about three miles south of Lima. The Rev. Lehman will officiate.

Police are clearing up the case, finding abundant evidence, they say.

Mrs. Annetta Burgess, the mother of Hollenbacher's former wife, charges that Hollenbacher had attempted to gas her entire household on one occasion, while she was forced to complain to police against him many a time.

Hollenbacher, bound over to the grand jury on a charge of arson preferred by the Lima fire department and state deputies, admits his guilt on this charge, according to police.

OHIO FARMER HELD UP AND SHOT BY YOUTH

HICKSVILLE, O.—Clarence Brush, farmer, is in a critical condition here today with a bullet wound in his head, the result of an attack by an unidentified youth late on Thursday night. Brush was returning home after bringing a load of stock to town. When Brush turned his head the boy put a revolver to his cheek and fired. The youth escaped. Police have a good description of him. Robbery is believed to have been his motive.

M. E. EXPOSITION DOORS OPEN AS BOMBS EXPLODE

Centenary Starts at Columbus When Button is Touched in Washington

All Nations Represented at Meeting—60,000 Daily Attendance Expected

COLUMBUS.—With a roar of exploding bombs, the Methodist centenary exposition which will be staged for the next three weeks at the state fair grounds, was opened at 11:30 this morning.

Pressing a button at Washington, Assistant Secretary of State Frank L. Polk, by special wire, released a canopy of flags which covered the main entrance and the exposition was on.

An automobile parade preceded the gate opening. Each of the nine halls at the grounds, which house exhibits from all nations on the globe, was opened by Miss Gladys E. Amlin, Ohio State University co-ed, chosen as Miss Centenary from among 100 girls suggested by a committee as the most beautiful in the city. With her was a Columbus man, his identity concealed by his ancient garb, who represented Christopher Columbus.

OPENING FEATURES

Elaborate fireworks this afternoon and evening and the premier presentation of "The Wayfarer," the pageant in which nearly 2,000 men, women and children will participate, are opening day features.

Shuttle-train service to the grounds was inaugurated today to help handle crowds which are expected to average 60,000 a day. Rooms for that many out-of-town visitors have been reserved in private homes and hotels.

A choir of 1,000 voices has been drilled for the pageant, "The Wayfarer," which has also an orchestra of seventy-five pieces and the aid of the \$50,000 pipe organ, especially constructed. The children's pageant has duplicate choruses of 500 voices each. In addition there is the Centenary Celebration Trombone Choir of one hundred trombones, the only organization of its kind in existence.

EXHIBIT BUILDINGS

The various exhibition buildings are assigned to nations having prominence in the mission field. The China building encloses a walled, Chinese city complete in all details, with temples, pagodas, restaurants and gathering places. The Africa building contains thatched jungle huts and the masonry structures of North Africa, remnants of Roman civilization.

The India building contains the bazaars, shrines, burning ghats, and other pertinent features of the mystic empire. The Korea-Japan-Malaysia building encloses tea houses, temples, island huts and industries. The Europe-Latin America building presents bits of war-torn France and Belgium, shell-tattered cathedrals and an accurate replica of the Chateau-Thierry battle ground.

LIQUOR BOARD OUT

License Commission Doesn't Exist Now, Court Holds

COLUMBUS.—The state liquor license commissioners and inspectors were added to the army of the unemployed today following the Ohio supreme court's decision late yesterday that the commission ceased to exist May 27.

The court, in making this ruling, sustained the opinion of Attorney General Price that the commission legally ceased to function when Ohio went dry. Following Price's opinion, State Auditor Donahay refused to pay commissioners who started court action.

UPHOLDS RIGHT OF REFERENDUM

Ohio Court Passes on Federal Prohibition Amendment Question

COLUMBUS.—That the voters of the state of Ohio have the right to a referendum upon the action of the General Assembly in ratifying the prohibition amendment to the Federal constitution is the finding of Judge E. B. Dillon, of the Franklin County Common Pleas Court, in the suit filed by George S. Hawke, of Cincinnati, and the Anti-Saloon League against Secretary of State Harvey C. Smith to restrain him from submitting the question to the public as demanded by a petition filed with him.

In sustaining the demurrer to the petition filed by Hawke the Court bases the decision upon the language of the Supreme Court of the United States in the case involving the prague Congressional gerrymander law of 1915. This holds that the term "Legislative" means that body or bodies in which lie the full and final expression of the will of the citizens.

As under the Ohio constitution the legislative power is vested not only in the General Assembly, but also in the voters by referendum, it is held that the claim of the Anti-Saloon League, that only the Representatives in Legislature are authorized to ratify Federal amendments, is erroneous.

PROTESTS SIGNED

Lima Soft Drink Buyers Put Names on Petitions

Lima people by the hundreds were signing petitions to Congressman B. F. Welty today to do all in his power to have repealed the provisions of the revenue bill levying taxes on soft drinks and ice cream.

The petitions are to be found at all soft drink dispensaries and the proprietors are having no trouble in getting signatures.

This action is in line with that taken all over the state and it is expected enough pressure will be brought to bear to have the tax removed.

WARNS AGAINST 'WAR ON PACIFIC'

California Senator Demands
Legislation to Bar Jap
Immigration

WASHINGTON — Demanding legislation forever barring Japanese immigration, Senator Phelan, California, today warned America to be ready for "war on the Pacific." Appearing as a witness before the house immigration committee, Phelan appealed to congress to save the western states from economic death at the hands of the "Huns of the east."

"The sore spot of the world is the Orient," Phelan said. "It is a place to be watched for eventualities. Our future wars will be on the Pacific and not on the Atlantic ocean."

"The Huns have come, the Huns of the east. Those Japanese are not to be compromised with; they must be driven out like a plague of locusts, which they equal in economic destructiveness."

Conditions in the agricultural area of the Pacific states—they are becoming more unbearable, Phelan declared. He reported "thousands of cases" of men who had gone with their families to California and purchased land, only to find in a year or two that they were surrounded by "despicable neighbors who recognized no standards of civilization or living."

All the Japanese seek money and there has been no limit to what they would do to increase their world stores, the Californian asserted.

Replying to questions regarding alleged Japanese encroachment in Mexico and South America, Phelan continued:

"They are buying oil leases in Mexico. They are buying great tracts of land. They are a part and parcel of the Carranza machine. And some day the Mexican problem and the Japanese will be one and the same."

FEARS VATICAN RULE OF WORLD

Senator Sherman Sees Menace
to Religious Liberty in Na-
tion League

WASHINGTON — Fear that the Vatican will be restored to temporal dominion over the world by organization of the league of nations, was expressed today by Senator Sherman of Illinois, in a speech to the senate.

Sherman pointing out that 21 of the 40 nations which will be members of the league adhere to the Roman Catholic church, said the Vatican will be able to control their votes in the league on political and economic questions.

This, he intimated, may endanger religious liberty in the United States and elsewhere.

"From an early day," said Sherman, "the occupants of the Vatican have believed, and still believe, in the inherent right of papal authority to administer civil government. It is with the utmost regret I fail to find recorded in the course of papal claims of later days any renunciation or disavowal of the doctrine. So far as the layman can discover the Vatican still believes it ought, and would if the power permitted, assume to administer ecclesiastical and civil government."

"The Vatican is a most earnest advocate of the league. With 24 of the 40 members of it under his spiritual sway, no extended argument would be required to convince him of its merit."

SUMMER Time Garments for the Fair Ones Are
Light and Fleecy as the Clouds Along the Even-

THE DUSK IS JUST BELOW

NEW YORK, June 20.—Unlike clouds, the summer girls are not to have silver linings this season. They run rather to dusky black ones. At least or their diaphanous lingerie frocks with their cobweb lace and sheer embroidery and gossamer materials, slips of black taffeta are the very smartest foundations to show off their fairy-like charms. It is really smart to keep it dark when it comes anything like a little slip now and then and though slips of black taffeta may occasionally encounter black looks, they will never be in the modern woman's black books, as long as they are in the fashion books.

Lingerie frocks have been worked out to more exquisite perfection than ever this summer and in the fineness of their materials and the artistry of their handwork and design they are really dreams. Not all of them, of course, are to be worn over the startling new black taffeta slips. A touch of color, be it ever so slight, is noted on them, however, one and all. Some have a quaint and vivid ribbon flower at the girdle or caught at some puffed up portion of the beauteous skirt, while rainbow girdles of three or four shades of pale tinted ribbons is a favorite finish.

There is no such thing as the simple life for a skirt any more on these lingerie models—or on any of the sheer organdies and thin summer frocks, for that matter. Indeed they are all leading double or even triple lives, with two and three tiers or one long tunic effect over a tight underskirt, or else a much puffed up overskirt over a tight ankle length under one. These tight underskirt portions are very elaborate, tucked, and insertings and their hems strive for just one startling effect after another. One of the most novel hems is on a dove gray organdie, and the bottom of the skirt is loosely rolled up in a crushed mass and caught every now and then with a wine-colored rose. This same model has flowing bell sleeves and a crushed surplice collar caught at the girdle with three of the same anti-prohibition flowers.

Some of the underskirts are so draped in the middle, as to simulate pantofoles and beneath an overskirt of flowered organdie, they are especially quaint and effective.

Th e lovely huge floppy hats of leghorn, milan and crin, loaded with novelties in the artificial flower line, like tiger lilies, orchids, morning glories, nasturtiums, dahlias, hydrangeas and even snow balls, and always the more commonplace but effective field combination of corn flowers, daisies, buttercups and poppies, are fit crowning glories to the lovely lingerie frocks and organdie dresses of the summer girl. The all-organdie hats to match the organdie dresses are making a great bid for summer girl favor, but as yet they have not gone to her head like the charming straw ones. Dangling little white lace edged trills, peeping out around the head below the hat brim like the lacy frills below the overskirt hems, smack of Dolly Varden days.

Even with such charming head gear, a wise maid has to keep her mind on her feet these days, for the startling new hem finishes to the

fashionable frocks do attract the eyes of all beholders footwards so. Hence much care and attention must be paid to just the right dainty pump of satin or suede, glistening with its huge steel buckle and the exquisite silken hose that now covers or rather uncovers the ankle must vie with the lingerie frock for delicate lace work and diaphaneousness. Indeed, after the sun's rays have had a few torrid July days chance at such open-work ankles, I rather imagine the summer girl will have to adopt white silk underslip hose to show off the lacy design of her stockings, even as she wears the black taffeta slips to show off the lacy design of her lingerie frocks.

WOULD PROVE FORD ANARCHIST

Defense Puts on Witness to Testify As to Auto Man's Utterances

MOUNT CLEMENS, Mich.—Utterances of Henry Ford were introduced in the Ford-Tribune libel suit today by the defense who said they would prove in this way that Ford was guilty of anarchy in 1916.

Prof. Jesse N. Reeves, teacher of political economy at the University of Michigan, and reputed as an expert on Socialism, anarchism, bolshevism and other radical doctrines, was asked if certain remarks made by Ford did not show the plaintiff had anarchistic beliefs.

Long debate intervened here on objection of the Ford counsel, but the court ruled the testimony could be taken.

Prof. Reeves declared on the stand that Ford's remarks in an interview written by Edward Marshall in 1916, that "one country, state or city is not of paramount importance," was akin to the beliefs of such anarchists as Gardner, Rudolph, Lucker and Tolstol.

In a signed statement today Mayor B. H. Simpson urges the people of Lima to be generous tomorrow when the Second Baptist church, colored, holds its tag day. He points out that this is a worthy cause and that the money will help a movement in the right direction.

His statement follows: "Saturday, June 21st, has been granted as tag day for the Second Baptist church (colored) to assist in their social service movement for the purpose of bettering social conditions for the colored people of Lima. I trust the people of Lima will consider this a movement in the right direction and respond liberally, for by so doing you will contribute to a worthy cause and thereby benefit your community."

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Union Labor Strangles Bolshevism

"For the first time in many years the extreme radical groups which have always contributed the most noise and a great deal of mischief, pitch their songs in a subdued key," according to the New York *World* correspondent at the American Federation of Labor Convention at Atlantic City.

While a Buffalo editor declares that every day some new strike, or bomb explosion, or red-flag waving in this country or Canada

confirms his belief that "Union labor is in the hands of unscrupulous men whose political, social, and economic principles stand on all fours with those of Lenine and Trotsky," the evidences of conservatism at the Convention are many. For instance, the President of the Boilermakers and Iron Shipbuilders Union has sent out an order to local unions which, he says, "serves notice on all that Bolsheviki, I. W. W.'s, or kindred gentry

will not be tolerated."

For an enlightening account of the latest phases of the struggle in the labor world between radicalism and conservatism you should read the leading article in THE LITERARY DIGEST for June 21st. It presents the subject from all angles.

THE PEOPLE WHO READ "THE DIGEST"

The best test of any periodical is the class of its readers. Character in a magazine or a newspaper attracts men and women of standing and judgment as inevitably as a flower draws the bee, and for the same reason. It suits their taste. Glance around you in the train, on the street cars, in hotel-lobbies, wherever your fellow-humans congregate, and note the people who read THE

LITERARY DIGEST. They are the best type. They buy THE DIGEST because they know it is accurate, impartial, wholesome, comprehensive, and up-to-date, because they can take it home to their children with confidence, and because it covers the world's news as no other periodical does. Are you with them?

CROP INSURANCE IS NOW URGED

Would Protect Farmers—U. S. Should Carry Risks, Experts Say

WASHINGTON.—The insuring of crops not only against fire and hail, but also against drouth, insect pests and plant diseases, so that when a farmer plants a crop he will be assured of a definite financial return per acre, is a project which is now engaging the attention of experts in and out of the government.

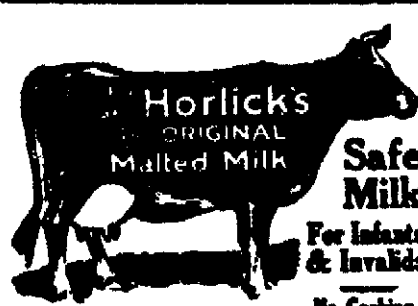

Crop insurance, as explained by its exponents, would be of the utmost importance, not only to farmers, but to the entire business and financial world.

Nearly every farming section of the United States has a "money crop" upon which the entire prosperity of that section depends.

When a money crop fails in a county or a state, that county or state suffers directly and the whole country suffers indirectly.

Losses Cripple Farmers.

It is not the loss of a given amount of wheat or cotton, which, perhaps could not be prevented, that does the harm. The most serious result is that the hard-hit farmers are crippled in their next year's operations. And they are unable to meet their obligations.

Grain crops are now generally insured against destruction by hail, and in some sections they are insured against fire. But the farmer has no protection against the ravages of the Hessian fly, for example, or against the smut, and none against drouth or floods.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets, take them as directed and lo, the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets, you will be surprised at the result.

MOTOR DELIVERY SYSTEM ADOPTED BY MOONSHINERS

Work of Illicit Distillery System in South Described By Writer

GAINESVILLE, Ga.—Tring to kill the moonshine industry at the source—the still where the whiskey is made—is only part of Uncle Sam's objective in the Moonshine War.

Bootlegging is closely allied with moonshining.

So the revenue agents, reinforced by the Department of Justice, are fighting the system that distributes moonshine.

This town occupies a commanding position in the network of "underground railroads" that bring the moonshine out of the mountains of northern Georgia into the towns and cities.

Conditions here are typical of those in similar places in half a dozen other states.

Smugglers Use Autos.

Automobile delivery systems have been organized. High-powered cars go out to the mountains, just as close to the moonshiners' homes as they can get, and run the blockade at night.

Revenue agents stop every big machine they see. In Tennessee alone \$60,000 worth of automobiles were confiscated last year for running the moonshine blockade.

A load of second-hand furniture being shipped recently from New Orleans to Atlanta, began to leak. Six hundred pint bottles were found in dresser and table drawers.

Hundreds of gallons of whiskey are packed away in cotton bales and

BELL-ANS
FOR INDIGESTION

in skins sunk in vinegar barrels shipped by the water route.

Hidden in Bed.

An Atlanta bootlegger kept bottled goods in the footposts of a brass bed, with removable tops. Another had his wall telephone on hinges and a compartment behind it.

A tip reached Nashville that a negro woman would arrive on a certain train with a suitcase of moonshine. She was halted at the depot, but the bag was innocent. A woman detective searched and found a gallon of moonshine in a round rubber bottle, which she had tied around her waist as a bustle.

Another woman wore a pair of overalls under her skirt. The overalls sagged under the weight of a dozen pint bottles thrust into pockets specially made in the legs of the overalls.

D. J. Gantt, chief of the revenue agents in Georgia and Florida, advocates the offering of rewards for tips on moonshine blockade runners.

A \$50 reward is now offered in Kentucky for information leading to the capture of moonshiners. W. D. Chanler, chief of the Kentucky revenue men in Louisville, says this has stimulated activity against moonshiners among sheriffs and deputy sheriffs.

DENTISTS HOLD PICNIC

HUNT FOR ARMY WORMS

ST. MARYS.—Examination of Auglaize county wheat fields to see if there's any evidence of army worms, joint worms or Hessian fly, is being made by a personal tour of grain authorities headed by County Farm Agent Louis H. Hoelscher. The St. Marys district was gone over Thursday. No marks of the pests are reported. Wheat is flourishing.

Some Say

The consumer pays the advertising bills. We find advertising, by increasing sales, lowers manufacturing costs enough to more than pay its way.

But we advertise something worth while in

Alkali in Shampoos Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Multisified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

ICE SHAFER, Mgr

Lima soldiers who fell on foreign soil during the present war is assured according to word received here by Mrs. Claudia Masterpole, 303 1/2 south West street in a message from the war department, widow of Sergeant Joseph Masterpole, who is buried in the French military cemetery at Ennemy, Belgium.

The date of their return has not been announced.

To Remove First Signs of Old Age

"The infallible first sign of age is the sagging cheek muscles," says Mme. Gavallier, whose fame as a beauty culturist is scarcely less than that of a songstress. "These are more difficult and serious to treat than wrinkles," she continues. "The sagging muscles indicate they have grown too weak to remain in place, they must be assisted, strengthened."

The best way to strengthen them is by bathing the face in a lotion made by dissolving an ounce of powdered axolite in a half pint with water. This creates a freer circulation to the parts, besides causing muscles and skin to contract. Saxolite, procurable at every drug store, has long been known by complexion specialists to possess remarkable tonic and astringent properties, valuable in treating baby tissue and wrinkles.

During a machine gun engagement last November 3, Masterpole was killed in action.

Use This Once a Week Have Pretty Pearly Teeth

No matter what tooth powder, paste or cream is used, now how often used at best it can only partially remove plaques and stains from the teeth. The proof of this assertion is the necessity of frequent visits to the dentist for an extra cleansing and polishing. Hence the need of some home treatment that is simple, efficacious and harmless. After much experimenting with different grits and polishes an ideal combination has been worked out by a dentist of many years' experience. He has called it "Once a Week Tooth Polish."

The use of this product, in addition to whatever dentifrice is used, keeps the teeth perfectly free from all plaques and discoloration. Anyone who procures a package of "Once a Week Tooth Polish" from the dentist and uses as directed will not only keep the teeth sparkling white and beautiful, but will prevent tooth and gum troubles—and dentists' bills.

POLICE RUDELY WAKE 'THE DEAD'

Young Man Falls Asleep After Leaving Note Announcing Intentions

Suicide is in the air. Vincent Holden, visiting his sister, Mrs. Maude C. Peck, 128 1-2 E. High street, attempted to fall victim to its ravages, according to Judge Botkin of police court. Vincent is just a young chap, about twenty two, but he knows about love. He loved Ruth and wanted to die so she wouldn't have his troubles, his note said—so he started to die. A bloody nose, a butcher knife, her picture and a note were enough to give the effect. Vincent let a little of the blood drip on to his shirt, then he picked out a nice soft spot on the lounge, and began to die. "Dear Ruth," the note read, "I am going to pass away this afternoon and will never be able to see you again because I love you and cannot be hurt by telling you I am going to kill myself because there is only one girl I really do love because it is the one I love and will kill myself so you will not have my trouble. So goodbye dear, and you will never forget me, will you dear?" "I am yours as ever, Vincent H."

Police were called to the scene about 4 o'clock Thursday afternoon, and found young Holden sound asleep on the lounge, they say. They advised him as to the proper and up to date methods of conducting such a ceremony.

URGE 500,000 ARMY
WASHINGTON.—Administration forces on the senate military affairs

committee planned today to conduct a vigorous fight for an army of 500,000, as asked by Secretary Baker. They will urge rejection of a tentative figure of 400,000, adopted last night by a sub-committee on the army appropriation bill, which today was to report the measure to the full committee.

ACCUSE OFFICERS

Chillicothe Taxi Men Charge Traffic Conspiracy

CHILLICOTHE, O. — Chillicothe union taxi drivers, in their fight against Camp Sherman's military to gain right to operate inside the camp, today had warrants filed with a local justice of the peace charging T. J. Fay, who operates a bus line between Chillicothe and camp, with criminal conspiracy. Major Gen. Glenn, camp commandant, and Major Frank Hanlon, camp traffic officer, are mentioned in the warrant, which was sworn out by J. J. Keating, union taxi driver. Keating charges Fay conspired with Gen. Glenn and Major Hanlon to restrain traffic between Chillicothe and the camp in violation of the anti-trust laws. Discrimination against union taxi-drivers also is charged.

RUSS PEASANT IS SAVER OF WORLD HADLEY ASSERTS

U. S. Vice-Consul Declares They Are Block to Spread of Bolshevism

SAN FRANCISCO.—Here is the cheering word brought from Russia—all parts of Russia—by United States Vice-consul Howard D. Hadley, regarded by men in high places as the one best-informed American on Russian affairs: The Russian peasant is saving the world from Bolshevism. He is proving himself to be the milstone about the Bolsheviks. He is dragging Lenin down beneath the waves of failure. Tomorrow this same milstone will be grinding corn for the world. Just as the British navy saved civilization in the early days of the war, so the Russian peasant has saved it in these latter months. He has fought the world's battle. And he is winning it. Lenin and Trotsky are thru. They saw the workingman—they didn't see the peasant," says Hadley. By the coming winter they may both be dead, and Russia will be at peace. "At first, the peasants were for Lenin and the Bolsheviks," says Hadley. "They thought at last they would get what they wanted. Turns Against Lenin. "Today they have learned that the Bolsheviks are not for the peasant. And just as they got rid of the Czar because the Czar was not for the peasant, so they are turning against Lenin because Lenin sees only the wage-earner. "And when the Russian peasant turns against anything, it's 'Do Svedanya'—Goodnight! "Hadley was at Samara when the various anti-Bolshevik groups got together last July and framed up the coup that deposed Nikolai Avzen-tieff, putting Admiral Kolchak into the presidency. Hadley sneaks Russian and is intimate with many Russian leaders. Later, at Omsk, he had every opportunity to observe Kolchak closely. "At first Kolchak was strongly influenced by reactionary monarchist elements," said Hadley. "But now Kolchak is making fine progress. Most important of all, he is doing his best to help the peasants' co-operatives. "The co-operatives are the peasants' business agents. Today they do all the buying and selling for a peasant population aggregating 6,000,000. When European Russia is freed from the Bolsheviks, this membership will be more than doubled. They are old, historic organizations."

participated in by Lewis Smith and Louis Silverman. Court action is the result of an appeal from the decision of Justice Morris' court.

LABOR BODY TO DEBATE LEAGUE

American Federation Convention is Divided on Nation Covenant Question

ATLANTIC CITY.—The league of nations was the question at issue before the American Federation of Labor convention today. The afternoon's session was set aside for debate on the covenant and for a vote on the proposition of endorsing it. President Samuel Gompers leads the delegates who favor the league. Andrew Furuseth, president of the seamen's union, leads the opposition, being against both the league and peace treaty in their present forms. Furuseth bases his opposition upon a contention that the labor section of the treaty was altered after Gompers left Europe, so that it classes labor as a commodity and an article of commerce. He also declares the covenant establishes a super-legislature and makes Britain the dictator of the world's workers, while under it the United States relinquishes her sovereignty. Gompers was expected, if necessary, to make one of the most brilliant speeches of his career in support of the covenant and the peace treaty, pointing out that neither is perfect, but asserting they represent the greatest steps forward ever taken for the benefit of labor and humanity. Miss Margaret Bonfield, representing British women workers, declared in an interview today that the peace treaty was as bad as the treaty of Brest-Litovsk, and that if the German government signed it the German people would overthrow the government. VETERANS LEAVE FOR THEIR HOMES

Delegates Are Pleased With Entertainment Given Them By Lima

The fifty-third annual encampment of the Grand Army of the Republic ended the five-day session following the monster parade staged Thursday afternoon. Many of the veterans left for their homes, while the majority left this morning.

Close to 20,000 spectators crowded down town streets along the line of march to witness perhaps the last parade of the veterans in Lima. Returned soldiers and sailors of the present war participated in the march along with the blue clad veterans of '61 and '65. The khaki youth of the World War marched with no firmer tread than did the heroes in blue.

The Old Guard, a detachment of Newark, braved the sun and swung into step under full complement of arms. Automobiles were provided by citizens to care for the remainder of the veterans.

Although most of the Civil War veterans attending the convention were past the age of 75, very little discomfort was experienced by any from the hot weather prevailing. The emergency hospital under the direction of Dr. George Hall, an Ohio volunteer, reported less than forty of the delegates were affected by the heat. This is thought to be a remarkable record.

Appreciation of the city's hospitality and a feeling of being well received by all members of the various committees which made the encampment a success was voiced by the veterans.

Shortly following the official close of the encampment the delegates started their exodus from the city. Practically all have left the city today. It is estimated that over 5,500 attended the session here. A few of those who fought on the opposite side against the Union troops were in attendance.

THOSE TWO WORDS "DOLLAR BACK" GAVE HIM FAITH

HENRY VANDYKE, WELL-KNOWN MILK-DEALER, TELLS A STRIKING NERV-WORTH STORY.

Nerv-Worth Co. — Before taking Nerv-Worth, in fact ever since I was 17, I had serious stomach trouble. Could not eat cabbage, turnips, corn cakes nor many vegetables, except with serious distress. When I saw that every Nerv-Worth ad contained the words, "Your dollar back if the tonic does not help YOU," I concluded that the remedy must have real merit. I bought a bottle of it. The first bottle did me so much good that I felt encouraged to believe it would cure my indigestion if I kept on. So I took Nerv-Worth until four bottles had got in their work against my trouble and NOW I AM CURED. I can digest all those foods which gave me so much distress and can go to bed and sleep like a baby. Nerv-Worth also has banished all my nervousness and sleeplessness. I have taken all kinds of medicine. None gave the satisfaction that Nerv-Worth has.

HENRY VANDYKE, Cambridge, O., Route 9. Your dollar back if Nerv-Worth does not benefit you. Lima Nerv-Worth Drug Stores. Butler's, Main and Kibby; the Central, Main and High; Everybody's, Main and Vine. The Central Drug Store sells Nerv-Worth at Versailles; The Central, Wapakoneta; Wahmhoff's Delphos; Huttlinger, Beaverdam; Gasson, Kenton; Powell, Bellefontaine; Pfeils, Sidney.

OBJECTS TO TIGHT SKIRTS SLIT FROM THE BOTTOM

CHICAGO.—"Transparent waists, cut exceedingly low, tight skirts, slit from the bottom to show the contour of the lower limbs," and revealing "fancy silk hosiery," as well as painted faces, rouged lips and pencilled eyebrows, are a "travesty on decency and morality."

So said Norvah Perkins, an investigator for the Law and Order League, here today.

"For immortality and vice, the twentieth century stage beggars descriptions," the investigator said.

Perkins said he submitted his report to federal officials.

The weather bureau is constantly denying responsibility for the weather. It claims it does not manufacture the weather, but merely shoves it around from place to place. Occasionally the weather starts out on its own recognizance and pays no attention to government control. For instance, a black storm cloud will chase all over a state until it finds a Sunday school picnic and then settle down over that picnic for the day.

She was only twenty five,
And was pretty—sakes alive!
It was in a little village far away,
He was twenty-six and strong
And he always sang a song
As he shaved his fellow-townsmen
every day
Well, the city feller came,
And he offered her his name,
He wore diamonds and a suit of
checked stuff.
She accepted on the spot,
And the barber got real hot,
But the only thing he said was
"Pretty tough!"

Peace or War

AS NEXT Monday approaches the tension thruout the world becomes greater. That is the last day the Germans have to decide whether they will sign the peace treaty or suffer a general invasion of their country by the allies. They may sign before.

THE ENTIRE WORLD wants peace. It is hoped that the enemy signs. A refusal will mean more bloodshed, but the Allies are prepared to deal a death blow in the shortest possible time. Germany cannot hope to escape if the treaty is rejected.

DELEGATES ARE discussing the matter at Weimar. They have it in their power to save what is left of their country. They were conquered on the field of battle and must accept a dictated peace. They will do it now or later, and later will mean disaster for them.

WHILE THE Allied nations are giving them a chance to make up their minds, there is speculation as to how we would have been treated had we failed and the kaiser had been victorious. One has but to look back over the history of the Germans' conduct of the war to answer this.

The Big Fight

WITH JUST two weeks left before the big ring battle at Toledo for the heavyweight championship of the world, Governor Cox is to be literally snowed under with requests to stop the fight. It is held to be in violation of the law of Ohio and a desecration of the holiday.

IT IS NOT probable that the chief executive will call a halt on the game. Those who put up the money for the fight probably looked into the legal end before spending such a vast sum and were pretty sure they didn't stand to lose. So far as being a desecration of the holiday, a mix-up between the two men will not desecrate it more than any other sport game, hundreds of which will be held on the same day.

He Hasn't Learned Much

THE WORLD war, with its attendant horrors both for peasant and prince, has failed utterly to leave its impress upon Frederick William, ex-crown prince of Germany. Judging by an interview he was good enough to give a newspaper correspondent, he still hopes there will be another war in ten years by which his country will fare better than it did in the recent conflict.

"MY FATHER would die before he would submit to a trial," is one of the favorite expressions he has given to the newspaper writer. He still feels a little bit as tho a spanking might be due him from his pater if he permitted himself to talk too much. Frederick William is a sorry figure in the world.

THE SLAUGHTER of millions hasn't affected his mentality to any appreciable extent, except to dull it even more than during the days of bloody strife.

HE HAS BEEN referred to by admirers as a thinker, but the world still waits for some evidence of any recognizable propensity along this line.

QUESTIONS AND ANSWERS

Anesthetic for Child

Please tell me whether you consider it perfectly safe to administer an anesthetic to a child 13 months of age. Our baby has a prominent red blemish on her temple, and the doctors say it is a nevus and that it can be removed now without leaving a bad scar. The little girl is robust and healthy. (Mrs. A. T.)

Roller Skates

Our little girl, 6 1/2 years old, loves roller skating. But a woman friend advised against it for she claims it will make her hips too large and her shoulders too broad. It is all right for boys to amuse themselves with roller skating in moderation, but

—ANSWER—On the contrary, roller skating tends to keep the hips from getting too large, and develops the abdominal muscles thus improving the figure. I buy my little ones new roller skates as fast as they bust up the old ones.

Those Happy Days

Why is it that the times we get from the past have lost the flavor that makes them so dear? What has happened to the joy that used to come from the days of old? I don't know, but I think it is because we have lost the art of living. We are too busy to live, and too busy to enjoy the things that are around us.

—ANSWER—Yes, it is a great pity that the times are never quite as good now as they used to be. The old days are gone, and with them the joy that used to come from them. We are too busy to live, and too busy to enjoy the things that are around us.

CONFESSIONS of an EVERY DAY WIFE

BY DIAN M'GLONE GIBSON

"What time is it now?" I asked Eliene, still sleepily.

"About twelve," she answered.

"I must hurry and have lunch," I said, getting up and starting to dress. "Theo is coming to take me for a drive. He thinks it will do me good to get out and get the air."

Eliene looked at me in surprise.

"Are you really going to be nice to him?" she asked.

"Of course. Why not?"

"I do not think I could be nice to a man who deceived me," Eliene answered decisively.

"But you must understand, my dear, that Theo does not think for a moment he has deceived me. He has just kept something from me that he really feels is not wholly his own secret. He tells himself that he would tell me all about it if I were to ask him."

"You can make up your mind my dear, that every once in a while he is thanking his stars that you have not asked him," said Eliene rather grimly.

"I am a little selfish, dear Eliene, in not wanting to quarrel with my husband."

"Even when you know he is in the wrong?" she inquired.

"More than ever when I know he is in the wrong?"

"What do you mean, Margot, you queer girl, by that?"

"I mean, my dear, that when Theo does something that hurts me, that is a hurt I cannot help. I simply have to suffer and bear it—as I do suffer and bear. But if I bring up the whole thing after that and try to thrust it out with him, I have another and perhaps deeper hurt to bear which I could have avoided. It is selfish, I know, but honestly I do not know of any wife who has helped matters by always nagging a man over his wrong-doing, do you?"

"No," said Eliene, thoughtfully.

"I am afraid that whatever we do, we wish we had done the other thing. I have seen wives, whom, I thought, were too complacent. I remember your mother, Margot, used always to think Aunt Margie was too sweet to her first husband, but I sometimes think that she had as much joy as sorrow with him at that!"

And I know Dad's memory of mother is all the sweeter because she forgave and apparently forgot a great wrong."

Eliene was sitting at the window looking out into the street.

Suddenly I saw her face freeze with horror and she gasped: "Margot, here comes Theo and Sallie Saunders."

For answer I hastily climbed back into bed and said in a choking voice: "I am not well enough to go motoring or to see any one."

I had hardly finished speaking when I heard Theo coming up stairs two steps at a time.

Upon seeing me in bed his face fell. "Oh, Margot," he said, "I was

in hopes you would be all ready to go to ride. I met Sallie on the way up and asked her to go with us."

"I am sorry, Theo, but I do not feel able to go," I managed to answer.

"Well, then, what will I do with Sallie?" asked Theo in a puzzled if not slightly irritated voice.

"Don't you think that might have been settled a little easier if you had inquired about Margot's health before you asked Mrs. Sallie Saunders-Lafferty to ride with you?"

"Sallie!" asked Theo in a puzzled if not slightly irritated voice.

"Don't you think that might have been settled a little easier if you had inquired about Margot's health before you asked Mrs. Sallie Saunders-Lafferty to ride with you?"

asked Eliene.

Theo wheeled about quickly with, "Don't butt into this, Eliene. I did not really ask Sallie to go, you know. I just met her on the street and she said that everyone was talking about her, saying that none of Tim's relatives would speak to her, and she did not know what she had done that they felt they must treat her so coldly."

"I told her, Margot, that I was sure you did not feel that way and we could silence Mrs. Grundy once for all by just taking her in with us as we went riding this afternoon."

When a Girl Marries

By ANN LISLE

Only a minute after I had conveyed myself into the bedroom and safely out of the way of interfering with the hoped-for "making-up" between Phoebe and Neal, Neal came striding in after me.

"For pity's sake, Babbie—don't desert me. I can't make out her get-up and this—this tom-foolery. She won't speak to me. Not a word that means anything," he said dejectedly.

"Neal, what did you give up like this for?" I asked in exasperation. "Why did you go off and leave her to her own devices? I thought you were a fighter."

"What can I do? She goes to the phone and calls up some fellow named West. I can't stand and listen, can I?"

"Why did you let her? Why didn't you just—grab her and make her listen? Oh, Neal, I hurried off and left you together so you'd make her listen."

Neal's face went brick-red.

OLD-TIME GOLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment.

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 30 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

"Make her listen," he said sneeringly. "I couldn't get in a word. It was all, 'Oh, Lieutenant Hyland, how becoming your uniform is!' And 'Lieutenant Hyland, aren't you just crazy about the army?' and 'Lieutenant Hyland, do excuse me while I explain things to the man your sister cut off so oddly.' . . . Where did I come in to make a monkey of myself, grabbing her like you said?"

"Neal," I demanded again, "I have to know about that—ring, if I'm going to help you."

"Well, there's darn little to tell. Babbie," said Neal, looking down and fidgeting with the buttons of his blouse. "Dad came to camp and gave it back to me. I couldn't stand hearing him preach, so I begged him to let it go at that, and he did, though he would insist on saying it was Mrs. Dalton who sent it back."

"It was," I asserted, simply. "Yeah, Mrs. Dalton. . . Virginia always runs Phoebe. Looks like she was doing it now," sneered Neal in tones I'd never before heard him use.

"And that's all there is to the story?" I asked incredulously. "You didn't even write?"

Neal dropped his arms eloquently to his side and gave it to me straight:

"I couldn't. But I thought she'd write. And when she didn't—I felt worse than ever, and after I got over the first soreness I was so darn busy looking for the officers' camp, and then I had to hunch myself so hard at camp for fear I'd be busted out. And I kinda forgot—first the soreness, and then Phoebe."

"Poor little kid!" I exclaimed involuntarily.

"Oh, I'm a man—I'll bear it!" said Neal grandiloquently, but gulping a bit on his words.

"I mean—poor little Phoebe!" I said slowly.

Neal laughed shortly.

"Well, she seems to be taking care of herself all right. Not eating her heart out, or missing any old friends, or anything."

I went over and reached my hands up to my young brother's shoulders.

"You've never been a woman. And nothing I can say will tell you how it hurts—how it must have hurt Phoebe," I corrected myself hastily, "to be treated indifferently. Why didn't you write and protest against the return of Mother's ring? Why did you just take it and let her sit and wait and wait to hear from you?"

"H'm! That's all very fine sounding," grunted Neal, "but how'd you know she—sat and waited? Looks like she—"

Washington's COFFEE

Served on the table of the most fastidious hostess, who wants to be sure that the very crown jewel of her dinner will not fail, that no careless cook can spoil it, and that her guests shall finish their dinner with the tang of excellence. Try it for iced coffee. Instantly soluble in cold water.

MADE IN THE CUP AT THE TABLE

Like it—doesn't it?"

"Oh, Neal, Neal-boy, I told you you couldn't understand! But women are educated to believe that men tire of them easily. And right under Phoebe's eyes, Virginia had gone through—goodness knows what unhappiness. So is it very amazing, after all, that when you neglected her and were so calm about accepting dismissal that Phoebe—accepted it, too?"

"Do you mean to tell me that's why she calls me Lieutenant Hyland and telephones another chap right under my nose?" demanded Neal.

"That's just what I mean!"

"Well, the little mischief I'll show her!"

Neal took a determined, triumphant stride or two in the direction of the door just as Phoebe came hurtling in from the living room. And without a word, the boy caught her in his arms and strained her slim little form close against him, burying his face in her massed up curls before he put one hand under her chin and lifted her heart-shaped face for his kiss.

In the second before I turned away, it seemed as if Phoebe were relaxing, giving herself to his arms with the joy of coming home to her real place. But in the next second, I heard a resounding smack, and a little wild-cat of a girl whirled over

to my side. I turned back again. Neal stood with blazing eyes and face white except for the crimson stain of Phoebe's hand on cheek and ear.

He was very quiet, a rueful half-smile on his lips. But Phoebe breathed in audible gasps.

"Would you mind going out and giving me a chance to dress, Anne?" she demanded when she could find her breath. "I've a luncheon engagement with a gentleman."

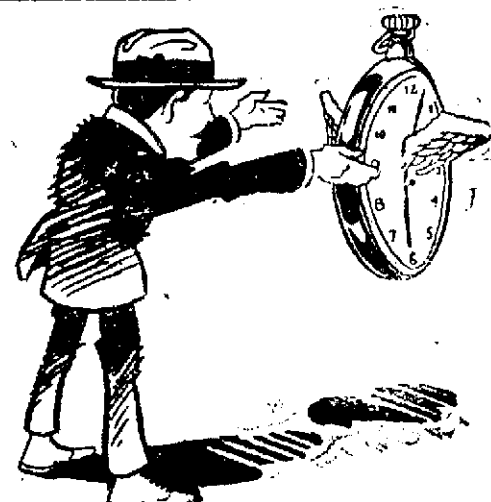

Neal turned and strode from the room. I reached my arms out to Phoebe. But with a queenly coldness Virginia could never have surpassed, the child said:

"My dear Anne, privacy is so little to ask."

So I followed Neal to the other room. With an air of putting behind him everything that had occurred so far this morning, Neal casually inquired:

"Anne, do you happen to remember Evelyn Mason's 'phone number?"

When you have a house to rent

Give it a coat of good paint before you tack a sign on it. It won't cost as much as repairs will later. Also, a well-painted house always rents more readily than a shabby one—rents for more money too.

DEVOE Lead and Zinc Paint

The Guaranteed Fewer Gallons—Wears Longer

It is just as essential to use good paint on a house you own and rent as on the one you live in. Therefore, paint with Devoe and increase the value of your property.

We guarantee Devoe because we know it is pure and because we know that it always gives our customers satisfaction. It contains no whitening, silica, china clay or other adulterants. Devoe is guaranteed to take fewer gallons and wear longer. We are always glad to show attractive color combinations. Ask for booklet—"Keep Appearances Up and Expenses Down."

SOCIETY AND THE CLUBS
BY MARGARET SIMPSON

Mrs. Benjamin J. Thomas, of State street, delightfully entertained with a 1 o'clock luncheon Friday at the Shawnee Country club, complimenting Mrs. Guy Scott, of Cleveland, house guest of Mrs. Frank Moke. The tables were centered with baskets of pink garden roses with nut baskets and favors of the same color. After the delicious repast the afternoon was spent in the playing of bridge on the spacious porch of the club house.

Guests included: Mrs. W. L. Mackenzie, Mrs. Howard Peas, her house guest, Miss Alice Hoffman, of Cleveland, Mrs. May Bolger, Mrs. Mack Colt, Mrs. Henry Delsel, Mrs. Alfred Wenner, Mrs. Frank Kominski, Mrs. Earl Sealts, Mrs. Merton Sealts, Mrs. Frank Sealts, Mrs. Guy Scott, Mrs. S. Sealts, Mrs. Charles Killon, Mrs. H. O. Bentley, Mrs. Clinton Sealts, Mrs. Charles Finley, Mrs. John Galvin, Mrs. Everett Furnas, Mrs. Charles Eckert, Mrs. Elizabeth Steiner, Mrs. Oliver Steiner, Mrs. J. B. Poling, Mrs. Gough, of Canada, Mrs. A. H. Creps, Mrs. T. R. Thomas, Mrs. W. C. Bell, and Mrs. Fred Bean.

FRANCE'S CHAMP WOMAN TENNISER

Miss Suzanne Lenglen

Mrs. Dudley Bernstein has returned to this city after spending several days in Cincinnati as the guest of her parents, Mr. and Mrs. Jasmann.

The dance, following the close of the G. A. R. convention, held at the Memorial Hall, Thursday evening, complimenting the returned soldiers from the World War, was attended by more than three hundred of Allen county's warriors. An informal address of welcome was given by Mayor Simpson. One of the features was the program of Nations by the Yankee girls composed of Berda Ewing, Greda Schultz, and Mrs. Allen Kuhnle Mowen, which was given during the intermissions. The program included:

Solo, Italy, "Flower of Italy," Berda Ewing.
Dance, Thousand Stripes, Greda Schultz.
Solo, France, "Belles of Normandy," Mrs. Mowen.
Solo, Oriental, "Sweet Siamose," Berda Fritz.
Solo, Oriental, "Where Your Caravan is Resting," Mr. Mowen.
Dance, Scottish Sword Dance, Greda Schultz.
Solo, Spanish, "I Wonder Why She Keeps on Saying 'F. F. L.'", Senior Berda Fritz.
Solo, Goddess of Liberty, "Now the Goddess of Liberty is Smiling," Mrs. Mowen.

The Friday's orchestra which furnished the music for dancing accompanied the Yankee girls.

The meeting of the Social and Literary club which was to have been held Thursday afternoon at the home of Mrs. L. S. Galtner was postponed until next Wednesday afternoon because of the G. A. R. Encampment.

Mrs. A. E. Shindollar, and daughter, Marjorie, of 125 west Grand avenue, are guests of Mr. and Mrs. Fred Hanes, in St. Marys.

Mrs. Robert Brooks, of 821 Weddock avenue, is spending several days in Cincinnati and Butana, O.

Mrs. A. T. Lugo, of 624 South McDonel street, leaves Saturday for Marion, O., where she will be the guest of her sister-in-law, Mrs. Frank Hammond.

Mr. and Mrs. Charles Bohemeyer, of 614 South Elizabeth street, had as their guest, Mr. and Mrs. John Carson, of Reading, Mich. Mr. and Mrs. James Bohemeyer, of Aoud, Mich., and Mrs. Charles Carson, of Hillsdale, Mich.; Hirschel Carson, of Dalesburg, Mich.

Mrs. Fred Slein of 708 north Metcalf street, is entertaining her mother, Mrs. Amelia Feltspelt, Miss Phyllis Wilcox, Mrs. G. W. Miller, and son, Pearl, of St. Marys for several days.

Miss Lenglen is the champion woman tennis player of France. As yet she has never met the Swedish tennis champion, Molla Bjurstedt, but her friends say that Miss Lenglen can easily defeat her should the two ever meet. Miss Lenglen has been playing with many of the American tennis champions in France, who are training for the inter allied games.

A 6 o'clock dinner was given at the Shawnee Country club Thursday evening by the members of the inner circle of the Wapakoneta club. Austin Potter acted as toastmaster. Paul Landis was the principal speaker of the evening giving an interesting talk on the "Basic Principles of Commission form of Government. Three minute speeches were given by Dr. Coo Parant, Ralph Mackenzie, Wilbur Dewese, Calvin Settridge, Fred Simpson, Stanley Lattner and Francis Clark. Other members in attendance were: Frank Wallace, Lylo Parmenter, Carl Isham, William Mackenzie, Fred Abb, William Poulkow, Ross Pepple, Basil Monroe, Harry Branson, Wallace Hooper, Nils Shope, Stewart Green, Harry Stransburg, Clarence Huffman, Wilbur Dewese, Richard Jones, Russell Cox, George Fackler, Neil Patmenter, Rodney Clark and Warren Basinger.

The next meeting will be held at the Shawnee Club July 2nd.

Miss Lucille Knelsy who graduated at Ohio Wesleyan University with Phi Beta Kappi honors last week, started from Ontario Canada, Thursday with the Cont Albert Chautauqua and will tour Canada and the northern part of the United States. Miss Knelsy is in charge of the Junior Chautauqua work in the morning.

Miss Danette Knelsy, who will be a Senior at Ohio Wesleyan University this coming year, is spending her summer vacation with her mother, Mrs. S. M. Williams, at west North street.

Miss Charles Nuss returned to her home on 1115 Second street, after a visit with relatives and friends in Wapakoneta.

The Brotherhood Class of the Bethany Lutheran church will hold a picnic Saturday afternoon at McBeth's park. Members are urged to meet at the church at 2:30 o'clock.

Mrs. D. C. Dunn and daughter, Miss Marian are spending the week-end in Ashland.

Mrs. F. T. Campbell, of Des Moines Iowa, is the guest of her sister, Mrs. L. J. Smith, of Lowell avenue.

The last meeting of the year of the Mother's Jewels society of the Trinity church will be held Saturday afternoon at the church. This will be the Vite box meeting and all members are urged to be present. Mrs. Bessie Harrod, Mrs. O. J. Hobart, and Mrs. Mark Evans will act as hostesses. The story hour is to be in charge of Mrs. Raymond Horn.

Mrs. A. H. Watt, and daughter Doris, of this city, returned to their home Wednesday, after spending several days with friends in Wapakoneta.

Miss Ethel Garn, director of the Y. W. C. A. Club and Recreation Center, Miss Minerva Pepple, of the Trotty Beck club, Miss Ethel Minsky, of the entire Nuns, and Miss Marie Rothrock, of the Y. M. T. M. club, will leave Saturday to attend the Ohio and West Virginia Field Federation of Mercantile clubs to be held at Oxford, Ohio, during the week of June 23rd. Wednesday the "World Fellowship Day" will be observed with the Lima delegation representing Denmark.

Gossip of the Movies

This picture of Anita Stewart just arrived in our mail from the coast and because the beautiful star looks so very happy and alive we simply had to let you see it, too. It is not a picture from her latest screen drama. No, indeed, she has not gone into the wild western stuff just yet. The Boy Scouts are the reason for her western garb. When the Boy Scouts undertook their huge membership drive Miss Stewart quit the studio for several days to aid in the drive and she worked so ardently for their cause that they soon began calling her "Joan of Arc."

Miss Stewart, we want to confess, is one of our favorites, and we liked especially her last picture, "Midnight Romance." It surely seems good to see her back again after her prolonged absence. "Midnight Romance" is the second picture she has made since her return to the cinema world.

ANOTHER O. HENRY STORY
Wallace Reid's new picture, "You're Fired," which was just released, is an adaptation of O. Henry's story, entitled "The Halberdier of the Little Rhine Schloss." The hero of the picture, a young man who, since he belongs to the idle rich class has never worked in his life, undertakes to earn his living for three months in order to prove to his father-in-law to be that he is a worthy husband for the daughter.

Wanda Hawley is Mr. Reid's leading woman. Others in the cast are Lillian Mason, Theodore Roberts, Henry Woodward and Raymond Hatton. The scenario was written by Edith Kennedy and James Cruze directed.

GOSSIP
Pay Tischer will impersonate a society debutante in her next movie. Her last was "Rowdy Ann."

Eddie Pole's company is assembled in New York ready to sail for London, where they are to start work on a serial. Scenes will also be made in France.

Cleo Madison is now appearing on the stage in a vaudeville sketch titled, "Victory."

George Bunny, brother of the famed John, will appear with Montague Love in "The Broadway Saint."

A news reel, called "Belgium Today," is being made by cameramen of the American Red Cross.

CHOOSE YOUR SWIMMING SUIT TO SUIT SWIMMING STYLE

The girl who feels at home in water of any depth has much more fun than one who can merely paddle around in the shallow water.

If a girl is planning her vacation at a lake there are certain strokes and stunts she should know. A pretty, rhythmic stroke, say the "trudgeon," that will carry her out to the raft of even across the lake, is the first requisite. The "crawl" for short sprints with its alternate arm stroke above the water, head turning to breathe, and the "flutter kick," will win much admiration.

Diving should have a large place in the program of preparedness for summer vacations. It is largely a matter of nerve and practice.

Besides swimming and diving well, there are many simple stunts that will always call forth a certain amount of praise. Swimming like a porpoise, the "rolling log," the "wheel," diving to the bottom for definite objects—these are all lots of fun.

Now for surf bathing. The great problem is how to get into the water gracefully. A girl has to know how to dive into the onrushing wave, just before it breaks, regain her balance and get her breath ready for the next onslaught.

It is easier to stay up in salt than in fresh water, and the ocean swimmer can easily tread water, thus keeping her head out ready for the next treacherous wave that might swamp her.

The girl who goes beyond the usual rope must be very sure of herself and unafraid. Ability to control her breathing when rolled over and over is essential.

One reason girls have not done more in the line of water sports in the past is the matter of costume.

A modest but short, sleeveless overslip of a nonclinging material is the best costume for public beaches and lakes. Shoes and stockings are a nuisance and should be dispensed with if possible.

To be ready for good times at the shore and lake, you must swim 12 months of the year; that means using an indoor pool. This is also the best place to learn to swim because there is no danger and nothing to distract your attention. You can concentrate on swimming. Swimming should be an all year round sport for everybody.

Kills Pesky Bed Bugs P. D. Q.

A Two ounce box of P. D. Q. makes a full quart of the best bug-killing wash. Better than a barrel of old-fashioned bug-killing.

P. D. Q. (Peaky Devil's Quaternary) kills like a 42-centimeter steel. It settles bedbugs, fleas, roaches, ants and children learn not only kills the live pests but the eggs as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the flea hop.

Your druggist has it or can get it for you.

today to prevent renewed rioting by striking brass workers.

In a riot there last night two policemen were seriously injured and 35 men and five women were arrested. Police Chief Beach asserted women were among the leaders of the rioters.

Mobs assembled about the brass works late yesterday, hurling bricks and brandishing cudgels when police attempted to disperse them. Firemen played water on the crowds. Half a dozen policemen and several firemen were hurt. Disorders continued until the Waterbury city guard arrived with machine guns.

Finest Suits, Capes, Dolmans at Half

NO matter how trite one may hold the expression, "if a man had as long foresight as he has hindsight, he would live a different life," still there's something interesting therein.

Would we want to live our lives over again and have them patterned or moulded into perfection because of our knowledge of the future?

Believe that it would be a very commonplace if not monotonous sort of existence!

It is avoidance of pitfalls; wrestling with difficulties; taking chances; bucking the inevitable and seeking escape from escapeless places that really makes our lives a great pleasure.

We all love the thrill of success! We enjoy taking an impregnable height!

When, years ago, the "House of Bluem" moved from a successful store on the Public Square on up Main Street, there were those who differed over the advisability. Time proved the step was taken wisely!

There was the same difference of opinion over the erection of the new building which we now occupy on the corner of Market and Elizabeth Streets. Our first five months of tenancy proved the advisability!

JUNE 20, 1919.

Hotter Days Bring Insistent Demand for White Silk Stockings

Nothing is quite so indicative as to the temperature as call for white hose. When the demand becomes insistent and prolonged as is the case now, it is quite safe to assume that June is at hand.

For women comes fine quality white silk lisle stockings, durable fibre-and-silk or all-silk construction.

For Children there are fine ribbed cotton hose in white or medium or fine ribbed silk lisle.

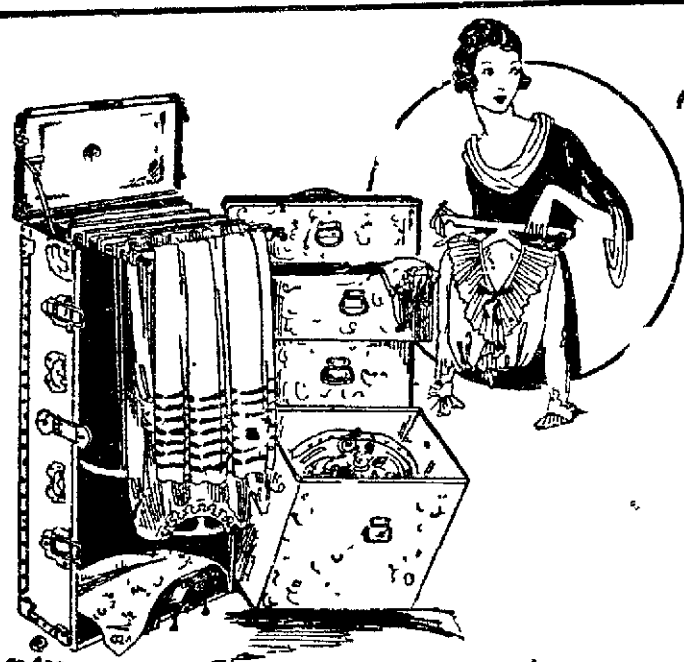

For Men selection may be had from lisle, silk lisle, fibre and-silk or all silk.

Lovely Silk Developed in Handsome Plaids for Summer Skirts

Women are flocking to the silk standard in either large or small plaids for their separate skirts. Colorings are both of light and dark vein.

Same effects are quite popularly used in combination with georgette for dresses or with some plain colored silk material for sportswear. Widths are 36 and 40 inches.

FIRST FLOOR

Easy to Pack When One Has the Proper Traveling Equipment

"Up and go any time," is the contented feeling one has in the possession of Bluem luggage. It is always fit—for the voyage to Europe or the week end trip to the country.

The Trunk--

On the fifth floor may be found a selection that is worth the time spent in viewing.

Wardrobe trunks of 3 ply fibre in 3 different sizes are commodious and just as convenient as the closet in the home. \$35 to \$75.00.

Dress trunks of 3 ply fibre in 2 sizes. \$15 to \$30.00.

Steamer trunks of 3 ply fibre in various lengths. \$16.50 to \$28.00.

The Travel Bag--

Aristocratic-looking and durable as the best of leather can possibly be. In calfskin or walrus-leather or silk lined—\$8.50 to \$50.00.

The Suitcase--

Cowhide affairs from \$12.00 to \$25.00. Matting, cane or chertane from \$1.19 to \$10.00. Overnight cases of cotex \$12.00, with fittings.

Austo suit case with tray \$12.50. FIRST FLOOR.

Croup of New Voiles In Pretty Light Grounds

The fresh arrival of voiles will have a direct and compelling appeal to the woman who likes really light things for summer wear.

Surely the manufacturers can never turn out prettier or cooler looking fabrics than these of white ground sprinkled with delicately tinted flowers. Then, again, there are plaids to give variety to the white.

40 inches wide. Priced from 75c to \$1.29.

SECOND FLOOR.

Colorful Cretonnes FOR SO MANY SUMMERY EFFECTS

The matter of shaping cretonne for the swing-back, the handy box, the chair, the pillow, etc., is quite a small matter. Just a few timely stitchings and the job is done.

The great consideration should be given the choice of the material!

No use of getting something that will not wear—may as well keep the money spent for something worthless.

Lovely cretonnes that are really woven from good stuff are obtainable at Bluem's in the gayest of Summer colorings for the porch things or inside draperies.

Priced from 33c to \$1.50 a yard.

FIFTH FLOOR.

Children Know the Value of Colored Clothing

Because it means that they can play harder with less care and fewer changes than were it white.

BOYS' SUITS

Made from high grade gingham, galatea and linen come boys wash suits in colored effects. 2 piece, Oliver Twist and middy styles. All of them capable of withstanding the most severe tubings. Sizes from 2 to 8.

GINGHAM DRESSES

Lovely little creations in plain or plaid effects. Some come pleated, some smocked, etc. The material is gingham and of good substantial quality. Sizes from 2 to 6.

FOURTH FLOOR.

'Tiss-Me', 'Splash-Me' and 'Kewpie' Are Clever Little Dolls that Refuse to be Broken

"Made in the U. S. A."

The sign "Made in America" means that every cent that goes into the purchase of these dolls goes to American workman—where it belongs.

Just newly arrived, is a great audience of pink-faced little dolls that are so nice older folks wish they were children again.

The fact that they are non-breakable gives them a send-off right away. Some are "dolloed-up" like boys and some like girls. The girl dollies are especially sweet with becoming coiffures of human hair. And are movable. Heights run from 7 to 13 inches.

FIRST FLOOR.

Underwear Embroidered By Hand

Right hand in hand with the Old King Heat, goes white underwear for women! Only they retard his efforts to make folks miserable rather than assist him.

Or at least that is what the Philippino women think about it when they coolly place touches of hand embroidery about the neck, sleeves, and other points of vantage. They, in fact, make every stitch of these beautiful snow-white gowns, combination suits and drawers.

FOURTH FLOOR.

Hosts of Fine Stamped Goods Just Landed

Good news to every woman!

Our stock of stamped goods has been rather depleted for several weeks despite our early orders. But they're here now! And in plenty!

Hemstitched or scalloped stamped pillow cases in 42 and 45 inch widths. Linen center pieces in 18, 36 and 45 inch diameters. Linen scarfs 18x45 inches and 18 x54 inches. Crash pillow tops. Linen huck towels hemstitched or scalloped. Handsome gowns. Combinations, Infants' dresses in sizes 1 to 2 years.

SECOND FLOOR.

To Make One's Own Shade--

—for a floor lamp is really not so complex a task when working with such fine accessories as shown at Bluem's.

FIFTH FLOOR.

Wilton Rugs In Beauteous Pattern Effects

Favor runs to Wiltons, whenever the rug question is being discussed in any class of assemblage. It is the greatest in demand at this store, too.

Showing a glorious array of exquisite patterns in wonderful color combinations. Shades of tan, rose and blue predominate the selection.

Sizes 4 6x6 6, 6x9, 8 3x10 6, 9x9, 9x12 and 9x15.

FIFTH FLOOR.

Chic Waists That Know How Comly They Really Are \$2.98 - - \$3.98

Sometimes the very look of a waist tells you that it is sure of its position in the world of fashion.

That seems the attitude taken by these exquisite creations of organdy and voile.

Lightness of course is their first virtue and whiteness the next. Summer demands that they have those.

The collars ordinarily come of self material but some times there is variety by the substitution of something else. These at times may be white and then again they are colored with cuffs of corresponding shade.

Shown in checks, stripes and plaids.

Remarkably small in price for such fine waists, too.

FIRST FLOOR.

Women's Need For Athletic Underwear Is Answered

How could a woman possibly help wishing that some good-hearted soul would bring to them a garment for Summer wearing that would give the comfort and satisfaction men get from their Athletic underwear!

It was a long time coming—but is here now in the nick of time to give all of the comfort possible.

The fine affairs we are showing called "Futurist" are patterned from the lines of men's Athletic, permitting ease of action.

Come in bodice or regular style tops in flesh or white. Some in flesh batiste have hemstitched designs worked in an alluring manner. Others in flesh have silk tops in either bodice or regular styles. \$1.50 to \$4.25.

FOURTH FLOOR.

Light in Weight--Light in Color to Bring the Greatest Comfort

Airy, lightsome frocks that are indeed the embodiment of summer.

The styles are entirely different from the ordinary and extremely fetching in appearance.

Materials of unsurpassed coolness are used and in point of charm and summery comfort there can be offered nothing better.

Included are fine sheer voiles, georgettes, organ-dies on into those of a mite heavier texture but no less desirable for hot weather—ginghams, linens and English prints.

New ideas are found at the neck line, at the waist, at the skirt buttons—thru and thruout in method of adornment, in method of styling, in draping, etc.

Besides white the dresses are developed in the gayest and again in the very softest of shades. Oftentimes there are combinations too strikingly bewitching for words.

THIRD FLOOR.

Distinctively Embroidered Skirts Offer Whiteness and Coolness

White skirts galore lend an atmosphere of coolness to the Third Floor where they are arranged in position for quick selection—for women are choosing swiftly these days of hot weather.

There are exquisitely embroidered eyelets, squares and lovely designs. Cording and other effects are used to splendid advantage in giving distinctiveness.

THIRD FLOOR.

BROWN, HAMMOND, HINDOO,--WIN FIRST BOUTS OF ATHLETIC CLUB

Organization Scores Initial Success

Three snappy bouts in which local artists figured brought the first event of the Lima Athletic club successfully to a close Thursday night, when more than a thousand fans watched the grinds.

With the Mike O'Leary--K. O. Brown set-to, the big affair of the evening, the fans were kept interested from the first tap of the gong to the minute the lights were turned out.

So pleased were the visitors in attendance, according to the promoters of the club, the membership of the organization was sent into the three hundreds.

The result of the success of the affair of last night will mean that more, better and cleaner sport numbers will be brought into the city. The next mill is now being arranged for, by the club, and will be worked off on July 14.

The big bouts of last night, gave the Lima lad, O'Leary, an opportunity to show what he was made of. Despite the fact that the Brown was the more experienced of the two, O'Leary stuck with him for the full twelve rounds, taking more punishment without showing effect, than it was at first thought he could stand.

O'Leary showed the lack of experience in the grind, when numerous powerful swings went wild. Brown had his style of fighting in mind, and could keep away from the local lad on most occasions. Yet O'Leary would take advantage of every opening, and registered many a neat blow to the face.

HAMMOND BEATS WEBB BY NARROW MARGIN

The good natured smile that the two contestants for the honor, wore while fighting, made them favorites with the fans. When Hammond registered a blow on Webb's nose, the kid came back with a smile and walloped Hammond in the face.

The match was won by Hammond, but his margin was very small. The two fighters were evenly matched.

The first preliminary of the evening brought Young Klur of Toledo, a great deal of praise for his ability to stick with Kid Hindoo, although the Kid was full ten pounds heavier. Klur, who is from Toledo,

Brown Hammers O'Leary, Breaks Guard

O'Leary weighed in at 143, while the Toledo boy topped the scales, one pound heavier. His constant effort to break through the guard of the Lima boy, in order to find his face, availed him little.

The pound of extra weight also failed to bring him the desired advantage, yet his experience showed him superior to the local lad. It was early in the fight when blood began to show on O'Leary's face. Brown had registered the first victory.

Continual hammering, on the part of the Toledo boy, broke through O'Leary's guard occasionally. A comeback, attempted by O'Leary in the ninth round, failed when Brown

SHIPBUILDERS ANXIOUS TO MEET LIMA AGAIN

Promising the hardest conflict of the season, the Toledo Shipbuilders have completed their arrangements

The Toledo aggregation, greatly strengthened by two new pitchers, will offer the Lima team renewed opposition. In this they hold the advantage over the local team because it is very probable that Pierce will be sent against the visitors.

Pierce was the man who pitched against the ship construction gang when they visited the city two weeks ago. Although he did not allow them to connect with the ball for one safe bingle, he gave them an opportunity to find out what he had.

However, the Lima aggregation is not letting that worry them, for should the visitors connect with the ball on Pierce's deliveries, too frequently, Carroll, just recently returned from the service can step in, with his new ones. It is probable that the job may go into the box.

Carroll arrived in the city this week after having received his discharge from the navy. With a little practice it is highly probable that his old time condition will return to him. Carroll, as a pitcher, is a good number.

YOUNG SEEMS TO HAVE THROWN OFF SWATTING SLUMP

Ross Young.

Ross Young, young Giant outfielder who set the National league on fire with his batting for a time and then hit the toboggan, seems to have regained his batting eye again in time to keep up among the leaders. His quick recovery spoiled a chance for the wise birds to say, "I told you so--another bloomer."

Watching the Scoreboard

Yesterday's Hero--Stanley Coveleskie. The Yanks pushed two runs over in the eighth and commissioned Fencebuster Bodie to put his team in the lead by clouting home the two men still on bases. Stan steadied down and made Bodie whiff out. Cleveland, 4; Yankees, 3.

The Mackmen grabbed another from the Tigers, 2 to 1, aided by a couple of passes, a wild pitch, an error, sacrifice and single.

Brooklyn went on a bit jamboree and nicked Hendrix for 15 hits. Yes, the Dodgers took Chicago into camp, 4 to 1.

Ray Schalk still has the old throwing arm with him. Washington needed three to tie it up and in the last round made two. Milan tried to steal second as a base of operations in case a single came thru. But--Schalk was faster.

Dempsey Still Rests, Willard Loses Weight

BY H. C. HAMILTON

United Press Staff Correspondent
TOLEDO.--It is, hardly expected that Jack Dempsey will resume his boxing tomorrow, but preparations are being made to again speed up the training of the challenger of the world's heavyweight title. When he does start again it will be with a surprising vigor. The lay off has put him on edge for a resumption of stiff work.

The ambitious plans of Jess Willard to slug around for 12 rounds a day have been abandoned for the time being. He intends on Tuesday to slap things around for 12, but desisted at the end of the 11 out of respect for his sparring partner's physques. Yesterday he went only eight, inviting each of his punching bags into the ring for a pair of rounds each.

The result of yesterday's workout in the Willard camp was a replica of what had taken place the day before. He slugged with the heavier fellows, and had his face mugged up to some extent by the zippy work of the 161-pound Joe Chip.

Willard looks to be in excellent condition, following a week of uncertainty regarding his fitness. His color is mounting to the brownness attained by Dempsey, one of the things which makes the challenger appear to such good effect. The muscles across Willard's back, especially at the shoulders, are drawing down. He is going to have a lot of trouble however, in erasing the roll of flesh that persists in hanging about his middle. What methods he will employ to reduce this slowing roll is hard to determine. His work so far has had no effect on that spot and he has cut out road work for a few days, maintaining that he was reducing too fast to suit him.

Just now the two battlers are pointing themselves for each other's size. Dempsey's work consists of building up, while Willard, hoping to reach the best of condition must reduce.

When the champion won his title at Havana he weighed about 247 pounds. He declares he will weigh less when he steps into the ring with Dempsey, for he is training to better shape now. If he does succeed in whittling away more of the flesh it will be to a decided advantage, for his bulk always has made him a slow mover. Every pound he cuts off will help him immensely when he steps into battle with the fast-moving challenger.

Dempsey has been able to build up his weight without adding fat. The weight is pure sinew, conditioned to a wonderful degree. It is not noticeable if the layoff enforced by the injury to his eye, has added pounds to his frame. Due to the stiff road work he is doing each day and the strenuous period of shadow boxing and other stunts in the ring at his training camp, he is keeping his muscles keyed to the necessary pitch.

Dempsey is yearning, however, for a renewal of the ring battles with Bill Tate and Jamaica Kid. Undoubtedly he could pick up again tomorrow, but he probably will wait until Saturday, when it is expected Tate will be back in camp, following his scrap with Sam Langford in Minneapolis tonight. It was promised Tate last week that the challenger might be allowed to again don gloves by the following Saturday, and if everything is pronounced in good condition he will go ahead.

The cut on Dempsey's eye followed the line of the bone under the brow and it is difficult for flesh to firmly heal after a slash in this particular place. To outward appearances it is perfectly healed now, with the exception that the vivid scar is very plain. Each day brings a better appearance of the cut and it probably will be ready to withstand any chance blows by Saturday at the latest. The sparring partners will be instructed to have a care with that particular portion of Dempsey's face. It should be very easy for them to so place their blows that the injured part will get none of the effect.

Program to Last All Day, at Big Bout

TOLEDO.--It is the intention of the Toledo athletic club, under whose auspices the world's championship bout between Jess Willard and Jack Dempsey will be staged here July 4, to provide a program of entertainment at the Rickard arena that will last practically the entire day.

Present arrangements call for starting the preliminaries at 10 a. m., with the big bout carded for 3. It is hardly probable Willard and Dempsey will get going that early, but 3:30 is the greatest delay now expected.

There will be five preliminaries, with a separate referee for each.

COOL BREEZE SWEEPS TRAINING CAMPS

TOLEDO.--The heat here has tempered off some. A cool breeze off Lake Erie swept over the training camps of Willard and Dempsey yesterday and was at it again early today. The respite is relieving. The temperature here has stuck at a high point for so long that the town folk and visitors, as well, had begun to wear that hazy look.

The citizens have been busy explaining it was all a mistake, but that did little for the sun-rays. The boxers are showing improvement under the lessened heat.

FREEDOM FIGHT IS WAGED BY THE KOREAN PEOPLE

Secret New Republic Formed by
Revolutionists — Protest
Jap Domination

WASHINGTON—After seven years of imprisonment and torture, Dr. Syngman Rhee, representative in Washington of the Korean revolutionists, has been elected president of the Korean provisional republic.

Of all the political upheavals which have shaken the world in the last four years, there has been none stranger than that which made Rhee president of the new Oriental republic.

For the Koreans have fought their revolution without any weapons other than their voices and the courage to die.

They had to print the proclamation of their new republic in secret, and when they elected Rhee president they could not even cable the chief executive of his election. The message was smuggled out and

KILLED BY THOUSANDS

Altho the revolution has been without arms or violence on the part of the Koreans, they claim that 10,000 of them have been arrested, and 10,000 killed by the Japanese.

This story of Japan's hold on Korea is told by Rhee:

"In 1904, Korea opened her territory to Japan in order to aid Japan in her war against the common enemy Russia. After the war, Japan was bound by treaty to evacuate Korea, but she disregarded the treaty and her soldiers, returning from Siberia, overran Korea.

"Since then Korea has been under Japanese military rule. For four thousand years during which time she built up one of the most remarkable civilizations the world has ever known.

"She taught Japan the art of making the so much admired Japanese porcelain and made other valuable contributions to Japanese civilization.

NATIVE TONGUE FORBIDDEN

"Now Japan is trying to denationalize Korea. It is forbidden to teach Korean history or geography in the Korean schools, or even to speak the Korean language. A student was imprisoned three months and fined \$300 for singing the Korean national anthem.

"The revolt came when the last emperor of Korea died.

"On March 1, just before the emperor was buried, every large city in

the country held at the same hour a meeting to declare the independence of Korea.

"Three million men, women and children went out into the streets waving flags and crying 'Long live Korea.' They were attacked, and many were killed.

"But on April 23, representatives of the 13 Korean provinces came together to outline a constitution and to organize a government to be effective until the national congress can establish a permanent government."

Rhee sums up the purpose of the Korean revolt by saying that Korea will, by passive resistance, make her protest against Japanese domination heard all over the world, so that the pressure of public opinion may be brought to bear against the Japanese policy.

FOLLOW-UP PLAN

School Head Wants Graduates to Continue Studies

Plans for the institution of a follow-up plan to succeed the close of the regular school term in an effort to induce the graduates of the eighth grade rural schools to continue their studies is being urged by C. A. Arganbright, county superintendent.

Statistics compiled show that 65 per cent. of the graduates at the expiration of eight years of school fail to take up high school work. Co-operation on the part of parents and teachers is being urged.

The rural schools of Allen county graduated at the close of the official year 1918-19 a total of 282 pupils at the commencement exercises this year. Twenty different schools were represented.

THIN, FRAIL FOLKS NEED PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nervous Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by M. M. Kettner in Lima and most druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphate food elements, some transformation in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear. Dull eyes ought to brighten and pale cheeks glow with the bloom of perfect health.

CAUTION Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.

Wild of eye he burst into the barber's shop.

"You remember selling me some patent hair restorer last week, you old swindler?" he roared, angrily. "Swore it would restore my head to its original state, didn't you?"

"And didn't it?" asked the barber, as he calmly went on shaving another customer.

"Didn't it?" snorted the enraged man. "You obtained my money under false pretenses. Why, it even removed the little hair I had left, and now I'm as bald as the pavement!"

"Then there's no false pretense about it," said the barber. "I said it would restore your head to its original state, and you know, sir, most of us are born bald!"

"Charley, dear," said young Mrs. Torkins, "would it please you if I took more interest in sports?"

"Oh, it might be interesting if we could talk over the events and figure out the prospects."

GOOD REASONS WHY WE UNDERSELL!

We sell for cash only. We sell at one price to everybody. We operate our business economically by: having no credit accounts, thus no losses, having no collectors, no expensive delivery system. We buy for cash, direct from manufacturers in especially large quantities. We eliminate the middle man's profits almost entirely. We are content with a reasonable profit. We buy for ONE HUNDRED AND NINETY-SEVEN STORES, paying cash.

Handsome Capes at \$10.90

You are the best judge of styles most becoming on you. Style varieties to be sure are not the best right now. Our stocks are getting low. Merely a question of how soon you desire to try them on. We deem it a privilege to show you these capes at your convenience.

Also Coats at \$14.50, \$19.50, \$22.50 and up to \$39.75.

White Wash Skirts

All new, this season's materials and styles, priced so unusually modest at \$9.90 and on down to

\$2.49

SHOES FOR THE WHOLE FAMILY

Perhaps we are the greatest buyers of footwear in the United States. We purchased over four million dollars worth of shoes last year. Better shoes at the same price or the same shoe at a decided saving in price. Let your next pair bear the stamp of J. C. PENNY COMPANY, and you will be as enthusiastic as our regular customers. Ask those who wear our shoes about the value and style. A satisfied customer or we give you your money back.

Incidentally, we do not buy "seconds" nor "bankrupt stocks." We do not have "sales," because our prices are marked at the very lowest figure when the goods are first offered to the people. Every article sold by us must give satisfaction, and quick and willing adjustment will always be made to please our customers.
